About Wozart

Wozart is the most advanced wireless smart home automation solution in India. It is retrofittable and modular, making it a perfect system for automating anything from a single room to complete building. Wozart provides a holistic smart home experience without the need for any expensive renovations to your home.

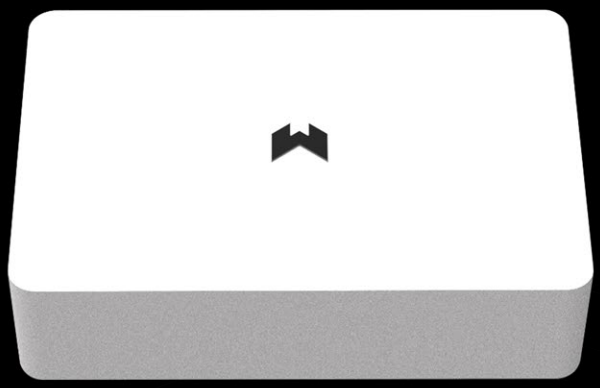

Experience Wozart

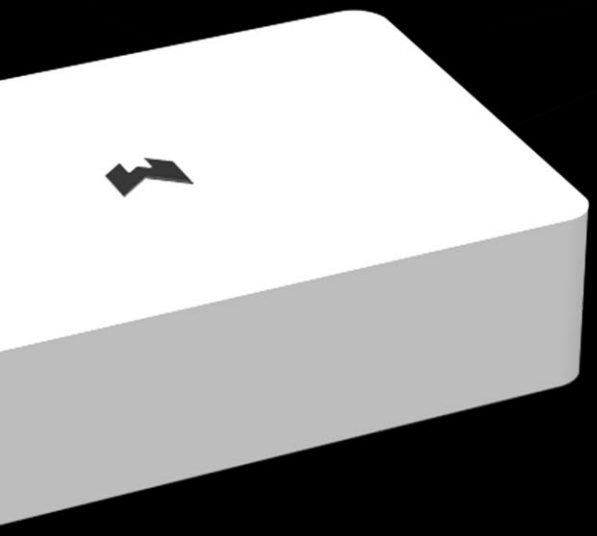

Wozart's extremely user-friendly and intuitive interface enables control, monitoring and automation of home appliances & lights using voice and app on all smart devices from just about anywhere in the world. Wozart responds to any device, be it a smart watch, television, laptop, speaker, or a refrigerator.

Wozart Switch Controller

Wozart Switch Controller is a Wi-Fi enabled smart device that fits inside a switch box and enables control of four independent electrical appliances or circuits. Wozart Switch Controller can control connected loads using voice assistants, mobile app, through automation or via physical switches. Wozart Switch Controller can control 3 connected loads up to 600W and one load up to 1800W.
